CITY LEGISLATORS

Met Last Night and Transacted a Great Deal of Business.

THE WATER BOARD DEADLOCK

Was Not Broken, There Being No Joint Session it Did Not Come Up. The Wheeling Railway Company Answers the Proposal of Council That it Arbitrate—A Big Batch of Routine Business Disposed of.

The City Council met in regular session last night. On account of the interest in the outcome of the deadlock in the election of the third member of the Water Board, a good sized lobby was on hand.

The rules were suspended and liquor licenses for the unexpired year were taken up.

Patrick Moran's license to keep a coffee house at 204 Main street was annulled, and changed to Desmond & Thomas, at the same place.

The petition of Joseph Hazlett for a change of location for his coffee house from 2400 Market street to 2407 Chapline street was granted.

The minutes in the second branch were then read and approved.

The same action in regard to liquor licenses was taken in the first branch.

The city water board reported that on March 10, F. J. Kramer resigned as assessor for the board and Martin Flynn had been elected. The action of the board was approved. The bond of Mr. Flynn for \$10,000, with Annie Flynn, John McGinley, Louis Bomberger and Joseph Doyle as sureties was approved.

The board of public works reported that at the meeting held March 6, it had elected F. L. Hoge city engineer. The action was approved.

Mayor Caldwell reported that he had engaged a number of special police to assist in quelling the disorders in connection with the strike, whose services amounted to \$161, and asked that this amount be paid. A motion was made that the report be adopted.

Mr. Milligan moved an amendment referring the report to the police committee. The amendment prevailed.

The committee on health reported bills amounting to \$275 13, which were ordered paid, and a resolution ordering necessary repairs at the city crematory was adopted.

The committee on police reported that it had organized, and recommended payment of bills amounting to \$135 08. Police bills \$152 09 were also reported. The report was adopted.

The committee on accounts reported that at a meeting held March 10, it had examined the books of the city receiver and found them correct. Bills amounting to \$884 18 were ordered paid, and the city clerk was instructed to publish his report in pamphlet form. The resolution to publish the report of the clerk in the four daily papers was passed, after Mr. Maxwell had explained that it would cost considerable money.

A resolution ordering the clerk to settle all orders on his books previous to January 1, 1888, was passed.

The report of the committee on elections reporting bills aggregating \$292 70 was adopted.

An ordinance was reported from the Board of Public Works for changing the city ordinance for the government of the board, in regard to show bills and other rubbish, including building materials being thrown in the streets.

Mr. Gruse offered an amendment providing that it would include a provision against the tearing up of more than one square of the streets at a time. After some discussion Mr. Gruse withdrew his amendment, stating he would bring it up again later on. The ordinance then went to its third reading and passed.

The appointments of the various city prison attaches were approved by both branches, and they were sworn in by Chairman Waterhouse, of the second branch.

A petition from Thirty-ninth street residents for a sewer pipe was referred to the Water Board.

A petition from Islanders for a curb on Ohio street was referred to the Board of Public Works.

South Side residents petitioned for brick paving on Twentieth street, from Main to Water. Referred to Board of Public Works.

Petitioners asked for brick paving on Alley Fourteen, between Market and Main streets. Referred to Board of Public Works.

Property owners wanted a drain on Alley H on the South Side. Referred.

Islands residents wanted a sewer on Alley P. Referred to the Board of Public Works.

A petition for a sewer on Alley B was referred. Another for a sewer on Wood street was also referred.

A resolution was presented from Mr. Milligan for brick paving on Eleventh between Market and Main, Mr. Maxwell moved its adoption. Mr. Gruse moved to refer to the Board of Public Works. Both were seconded. The motion to refer was adopted, 14 to 10.

Mr. Maxwell presented a resolution forbidding the smoking of tobacco in the second branch chamber during the deliberations of Council. The roll call showed 13 ayes and 13 noes. The resolution was lost.

Mr. Warnke presented a resolution for an investigation of the contingent fund, to see whether Eoff from Twentieth to Twenty-third and Twenty-seventh from Chapline to Eoff could be paved. It passed.

The real estate committee was ordered to confer with the county commissioners in regard to beautifying the grounds surrounding the public building.

The committee on ordinances reported ordinance in regard to the payment of debts of city officials and employees and concurrence with the favorable action of the first branch ordered.

The ordinance relating to street fakirs and peddlers, requiring a license of \$25 per day before such persons shall operate in the city, was adopted in both first and second branches.

The ordinance committee reported an ordinance fixing taxes for 1893. Real estate 50 cents, personal property 50 cents on every hundred dollars. This ordinance went through both branches.

An ordinance was also reported and passed fixing a 10 cent levy for street paving purposes. There was some discussion as to whether streets now macadamized could be paved with brick. It was finally decided in the second branch that macadamized streets could not come under the head of paved streets. The same change was made in the first branch.

Mr. Kenney introduced a resolution for curbing at the corner of Eoff and Fifteenth streets. Passed.

The application of F. Robrecht to be a weigher in the Third ward was referred to the committee on scales.

The answer of the Wheeling railway company to the recommendation of the Council that arbitration be used to settle the differences between the com-

pany and its men, was read and filed. It will be found elsewhere.

The clerk also read the answer of President Dobler of the Ohio Valley Trades and Labor Assembly, which has already been published, in which he accedes to the desire of Council that arbitration be used.

The water board election did not come up, the first branch adjourning before the second had waded through the big batch of routine business. It will probably come up at the next meeting of Council.

MR. QUINN'S LECTURE.

He Gives Another Talk on the Evils of Gaming and Illustrates.

Mr. John Philip Quinn, the reformed gambler, gave his second lecture on the evil of gaming last night at the Fourth street M. E. church. The church was well filled. Mr. Quinn's companion in his anti-gambling crusade, Rev. Mr. Palmer, prefaced the lecture with some remarks, giving a history of Quinn's career.

Mr. Quinn then took the platform, and made an earnest address. He pleaded with young men not to begin to gamble, and with young women not to marry gamblers in the hope of reforming them.

He illustrated the tricks of gamblers by which the unwary are fleeced, much as he did the night before. He added a new expose, that of what is technically known among "sleek" gamblers as the "pinch wheel" or "cinch" wheel. This is a game in which a marble is dropped on a revolving disk, and by means of a spring, the ball is stopped on the opposite color from that on which the "sucker" has put his money. Mr. Quinn also again showed his convict suit.

Yesterday his car, which lies in the Hempfield yard opposite the city hall, was visited by numbers of people. He will speak again this evening at the Chapline street M. E. church, and tomorrow evening at Thomson M. E. church, on the Island. Before he closes his course of talks in Wheeling, he will give the police authorities some advice on breaking up the evil.

MR. H. W. LIST'S FUNERAL

The funeral of the late Harry W. List, yesterday afternoon, was very largely attended. Many kin folk and friends came from a distance to pay this last tribute of respect. The services were conducted by Rev. Drs. Swope, Riker and Cunningham. The pall bearers were Messrs. R. Heber List, Robert C. Dalzell, A. S. List, John K. List, W. B. Fisher, James Cummings, J. W. Grubb and Charles Burdett Hart. The casket was covered with a pall of flowers.

HELP IS WANTED

by the women who are ailing and suffering, or weak and exhausted. And to every such woman, help is guaranteed by Doctor Pierce's Favorite Prescription. For young girls just entering womanhood; women at the critical "change of life"; women approaching confinement; nursing mothers; and every woman who is "run-down" or overworked, it is a medicine that builds up, strengthens, and regulates, no matter what the condition of the system.

It's an invigorating, restorative tonic, a soothing and bracing nerve, and the only guaranteed remedy for "female complaints" and weaknesses. In bearing-down sensations, periodical pains, ulceration, inflammation, and every kindred ailment, if it ever fails to benefit or cure, you have your money back.

Something Worth Looking At!

Tells the story of our SHIRTS to a T. They take the eye and make you worth looking at when you wear them. In Plain and Fancy SHIRTS from the most prominent manufacturers, we show this Spring the largest and most attractive lines.

Our NECKTIE Department is simply immense. Without them you will have NO TIE to connect you with the current of fashion and cannot stay in the swim any more than a stone. You are in a fair way of having your name changed to "Handsome" with one of our Shirts or Ties. It is a cure for weak eyes just to look at them.

WAIT! WHY?

You want a new Spring outfit. Why do you delay purchasing. Expect newer and prettier goods? Here is where most people miss it, for on most all imported Dress Goods, Suitings, &c., early import orders are given for the especial purpose of getting the choicest goods that arrive on this side of the Atlantic. Our new lines are now in and we are satisfied they are without equal for Shade, Style and Variety.

This does not only comply to our Dress Goods Department but throughout our Spring lines.

Habutia, Plaid, Changeable and India Silks in every fashionable color and neat patterns. Silk Velvets and Velveteens, Black and Brocade Grenadines, not to say anything of our ready-made Suits, Wraps and Wrappers, in which department we take special pride, knowing it is the largest and most complete in the State.

Parasols and Sun Umbrellas.—It may seem early for these goods, but like with other novelties, many styles can not be had later. See the beautiful Dresden China Handles, also the unique natural sticks of all kinds.

Curtains.—Our line of Curtains must be seen to be appreciated. The space heretofore given for this department being entirely inadequate for this season's line, we have moved the department to the third floor, where it has now four times the space it formerly occupied, complete in every detail. You will find this stock and prices that speak for themselves for bargains.
